Introduction and Heritage

The Anchor Group of Companies has a proud heritage that spans over six decades. Founded in 1957 by the visionary Mr. Muharram Ali (late), Anchor Paints House began as a small trading enterprise on Brandreth Road, Lahore, Pakistan. Through years of commitment, integrity, and a relentless pursuit of quality, the company grew to become one of Pakistan's most respected names in industrial and decorative paints.

Today, the Anchor Group comprises several divisions operating in distinct sectors, from paints and coatings to food and beverage manufacturing. Our family-owned business has upheld the values of trust, innovation, and customer satisfaction across generations. Mr. Muhammad Arshad, the current steward of Anchor Paints House, inherited the business in 2009 after joining his father's business in 1975. Under his leadership, the Group has seen exponential growth and expansion into new markets, adapting to changing industry trends while maintaining our heritage of excellence.
